#### Interim Directors' report for the three months ended 30 June 2025

#### Introduction

Kane Bidco Limited ("the Company") is the sole equity investor in True Potential Group Limited, the parent company of the True Potential Group ("TPG"). These condensed consolidated interim financial statements for the three month period ended 30 June 2025 comprise the Kane Bidco Group ("the Group", "KBG") representing the consolidated group of the Company and TPG. The Group's principal activities are the provision of financial advisory, investment management services and support services to retail investors and financial advisors.

The purpose of these Condensed Consolidated Interim Financial Statements ("interim financial statements") is to show the financial performance and the financial position of the Group for the three month period ended 30 June 2025.

#### Kane Bidco Group business review

In the three months ended 30 June 2025, the Group recorded £0.9bn gross inflows (three months ended 30 June 2024: £1.3bn). Total gross inflows for the six months period ended 30 June 2025 were £1.9bn (six month period ended 30 June 2024: £2.8bn).

The client service proposition continues to be innovated by our in-house development team, who build client focused technology and provide support for financial advisers, encouraging direct gross inflows. Asset inflows through financial advisers and directly from clients resulted in £34.1bn of client assets on the True Potential Platform as of 30 June 2025 (30 June 2024: £31.4bn) and £31.6bn of assets under management within True Potential Investments own funds (30 June 2024: £29.0bn).

The Group generated gross revenue of £123.7m in the three month period ending 30 June 2025 (three month period ending 30 June 2024: £141.3m). Gross revenue for the six months ended 30 June 2025 was £250.8m (six month period ending 30 June 2024: £255.8m).

The Kane Bidco Group generated earnings before interest, taxes, depreciation and amortisation ("EBITDA") for the three and six month periods to 30 June 2025 of £62.8m and £127.2m respectively, (three and six month periods ending 30 June 2024: £85.2m and £146.3m). This resulted in a profit before taxation in the three and six month periods ended 30 June 2025 of £13.5m and £32.2m respectively (three and six month periods ending 30 June 2024: £43.0m and £64.3m).

The Group recorded a total of 2,304,050 client logins, with 1,991,110 of those being through our True Potential app in the three month period ended 30 June 2025. This high level of engagement also led to sales directly to clients, with 14,631 top ups through our unique impulseSave® technology to the value of £82.5m, generating a total of £165.8m in 2025 to date.

The Group support standards for clients remained high, with our Customer Care team answering 33,152 phone calls, 7,252 live chats and 6,946 emails over the three months ended 30 June 2025 (30,245 phone calls, 8,616 live chats and 8,118 emails respectively for the three months ended 30 June 2024). Our average answer time in the period was 26 seconds (three months ended 30 June 2024: 56 seconds) for phone calls. As a result of our levels of service, we maintained our 'Excellent' rating on Trustpilot and our rating on Google Reviews of 4.9 out of 5.

Finally, our charitable work continued over the quarter with staff raising money for great causes including Being Neighbourly, East Kent Mind and Beatson Cancer Charity.

#### Principal risks and uncertainties

The principal risks and uncertainties identified by the Directors in the most recent annual financial statements continue to be prevalent in the current reporting period. The Group contains FCA regulated subsidiaries offering wealth management advice, investment management and fund administration. Robust systems of control are implemented within regulated subsidiaries to ensure ongoing compliance with regulatory requirements. The Directors continues to engage with the regulator on a variety of topics which are relevant to the Group to help navigate the changing and complex regulatory environment.

The Group continues to hold significant external debt and complies with debt covenants, giving credit risks arising on borrowings. The Directors closely monitor covenant compliance and borrowing levels, utilising cash flow forecasting to ensure that the associated risks are managed appropriately. The Directors are confident that the Group has sufficient liquidity to service its external borrowings and is well-positioned to utilise available facilities to continue expanding the business.

#### Impairment of assets

The Group holds significant intangible and tangible asset balances including goodwill, brand, customer relationships, client onboarding assets and property, plant and equipment. Impairment of some non-current assets is a critical accounting estimate with related key judgements discussed in more detail within the Notes to the financial statements. The Directors review indefinite-life intangible assets for impairment at least annually. Goodwill and other assets are reviewed for impairment on an ad hoc basis where potential indicators of impairment exist.

#### Suitability of client transfer provision

Following ongoing engagement with the FCA, a Skilled Person was appointed to review the suitability of client transfers into the Group. This review was undertaken during 2024, and is now complete, however, our work on the outcomes of the review is ongoing. The recruitment programme has been revised, with new processes put in place in 2024 to ensure good client outcomes.

The Skilled Person review identified that there may have been clients whose investments were not appropriately transferred into the Group. The Directors have therefore undertaken a risk assessment of all transfer contracts offered and concluded that the risk was present in investment products that were transferred through the adviser recruitment programme that commenced in 2018. With the support of external specialists, the clients transferred in under this programme have been analysed into different cohorts considering a range of risk factors to establish the suitability of transfer and, if appropriate, the cohort has been considered for potential redress.

Using an approach which would restore a client's position had the transfer not occurred, including taking account of the investment performance, a provision of £95.5m, inclusive of costs to operate the redress scheme, was recognised as at 31 December 2024. Based on an assessment undertaken in the period, the Directors are still of the view that it is appropriate to maintain this provision in respect of the redress payable as at 30 June 2025, with a small amount of cost released against the provision during the period.

The Directors are focussed on addressing the review's findings, with a remediation scheme to be implemented over the remainder of the year.

# Interim management report for the three months ended 30 June 2025 (continued)

#### Annual Suitability Reviews ("ASR") provision

The appropriateness of ongoing advice is central to how we operate and annual reviews of client circumstances are completed to ensure that their investments remain suitable. For a limited number of clients, there may be instances where an ASR has not been completed on an annual basis and there is insufficient evidence that appropriate attempts to deliver the suitability review were made.

Since 2021, we have operated a policy to refund ongoing advice fees on an annual basis where sufficient attempts to deliver ASRs cannot be evidenced and if necessary after three years of ASR non-completion switching off all fees. Notwithstanding this policy, a detailed retrospective review of ASR completions from 2018 to 2024 was undertaken at the end of 2024. As a result of this review, a provision of £4.9m was held in respect of fees that may need to be refunded to clients, inclusive of costs to perform the redress of impacted clients, as at 31 December 2024. The Directors are still of the view that it is appropriate to maintain this provision as at 30 June 2025.

Details on the provisions can be found in Note 20 of these accounts and in the annual accounts published on the True Potential website via the investor portal.

#### Statement of Directors' responsibilities in respect of the financial statements

The Directors are responsible for preparing the Directors' report and the condensed interim financial statements for the three months ended 30 June 2025 in accordance with applicable law and regulation.

The Directors can confirm that these condensed interim financial statements have been prepared in accordance with IAS 34 Interim Financial Reporting and should be read in conjunction with the Group's last annual consolidated financial statements as at and for the year ended 31 December 2024. They do not include all of the information required for a complete set of financial statements prepared in accordance with IFRS Accounting Standards. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual financial statements.

The Directors are also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group and Company's transactions and disclose with reasonable accuracy at any time the financial position of the Group and enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991.

# Notes to the Condensed Consolidated Financial Statements for the three months ended 30 June 2025

#### 1 General information

Kane Bidco Limited (the "Company") is a holding company with sole ownership of True Potential Group Limited. On Consolidation, the Company and its subsidiaries (collectively referred to as the "Group" or "KB Group") specialise in providing financial advisory, investment management services and support services to retail investors and financial advisers. The Company is a private entity limited by shares, incorporated in Jersey. The registered office is located at Aztec Group House, IFC 6, The Esplanade, St Helier, Jersey, JE4 0QH. The immediate parent company is Kane Midco Limited, a Jersey registered company.

#### 2 Material accounting policies

#### **Basis of preparation**

These interim financial statements for the three months ended 30 June 2025 have been prepared in accordance with IAS 34 Interim Financial Reporting and the Companies (Jersey) Law 1991. They should be read in conjunction with the Group's last annual consolidated financial statements as at and for the year ended 31 December 2024. They do not include all of the information required for a complete set of financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"). However, selected explanatory notes are included to explain events and transactions that are significant to the understanding of the changes in the Group's financial position and performance since the last annual financial statements. The policies have been applied consistently to all periods presented.

These financial statements have been prepared on a going concern basis and on a historical cost basis, except for certain debt and equity financial assets that have been measured at fair value. The financial statements are presented in pound sterling and all values are rounded to the nearest thousand pounds (£'000) except when otherwise indicated.

#### 2.2 Prior period restatements

As noted in the Group's latest annual consolidated financial statements as at and for the year ended 31 December 2024, a prior year adjustment has been reflected in the Primary Statements in relation to the correction of an over-accrual of interest included within financial liabilities. This correction impacted the values of the hedge reserve, retained earnings and total equity as at 31 December 2023 which have been restated. Details of these restatements can be found in those financial statements, available on the True Potential website, via the investor portal.

For the three months to 30 June 2024, an adjustment has been made due to a prior period error relating to an under-accrual of interest of £5.2m and a £0.8m overstatement of the reclassification of the gain from OCI to profit or loss. A tax adjustment has also been determined, increasing corporation tax expense by £4.0m. This decreased total comprehensive income for the three months to 30 June 2024 by £10.0m to £28.6m. This restatement has no impact on the six month reporting period to 30 June 2024, as the adjustments to the 3 month period ended 31 March 2024 were equal and opposite.

# Notes to the Condensed Consolidated Financial Statements for the three months ended 30 June 2025 (continued)

#### 2.2 Going concern

The Directors have considered the Group's current and future prospects, risks and uncertainties and its availability of financing, and are satisfied that the Group can continue to pay its liabilities as they fall due for at least 12 months from the date of signing of these financial statements. The Group is cash generative, and there is a net asset position with sufficient cash resources and other financing facilities available. The Directors have prepared detailed cash flow forecasts which show continued covenant and regulatory capital compliance. The forecasts positively show significant headroom to capital requirements both throughout the period and at the periodend. For this reason, the Directors continue to adopt the going concern basis of preparation for these financial statements.

These interim financial statements were authorised for issue by the Board of Directors on 20 August 2025.

#### 3 Critical accounting estimates and judgements

The preparation of the financial statements requires the Directors to make judgements, estimates and assumptions in applying the Group's accounting policies to determine the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis, with revisions to accounting estimates applied prospectively. The following critical accounting judgements and estimates have been identified:

- Expected life of client onboarding costs
- Impairment of client onboarding costs
- Impairment of goodwill
- Expected life of customer relationships
- Impairment of customer relationships
- Suitability of client transfer provision

Application of these judgements and estimates is consistent with the approach followed in preparing the Annual Group accounts for the year ended 31 December 2024.

The Directors monitor and reassess assumptions underlying critical judgements and estimates. Where there are significant changes in these assumptions, it may be considered a potential indicator of impairment of assets, triggering an impairment review of certain asset classes in the period. This includes the Group discount rate used to appraise projects and forward-looking cashflows, attrition of customers receiving Group services, market growth expectations, fee rates charged to customers and the useful economic lives of assets.

No material changes to the core assumptions underpinning critical accounting estimates and judgements have been noted in the three months ended 30 June 2025 or to the date of signing the financial statements.

Performance fees	-	-	22,975	22,975
	123,736	250,769	141,250	255,804

#### Adviser services

Revenue represents fees earned from the provision of back-office services to financial advice companies. Fees are collected daily through firm escrow accounts, or as part of monthly or annual invoicing.

#### Wealth management advice

Revenue represents fees earned from the Group's restricted wealth management advice proposition, generated on both initial and recurring advice services. Advisory revenue is earned over time, with the exception of fees earned through initial advice offered by self-employed advisers and the central advice team, which is recognised at a point in time. Fees are received monthly and quarterly in arrears.

#### Platform fees

Revenue represents fees earned from provision of the Platform and investment administration. Revenue is recognised on an accruals basis and is received monthly in arrears.

#### Investment management fees

Revenue represents fees earned from investment funds management and performance fees in relation to those funds. From 1 October 2024, the Group no longer receives performance fees in line with the Assessment of Value available on the True Potential website. Consideration for investment management fees is received monthly in arrears.

Notes to the Condensed Consolidated Financial Statements for the three months ended 30 June 2025 (continued)

#### 5 Fee expenses

Fee expenses mainly comprises fees paid to financial advisers and sub-fund manager fees.

	Three months to 30 June 2025 £'000	Six months to 30 June 2025 £'000	Three months to 30 June 2024 £'000	Six months to 30 June 2024 £'000

Other exceptional costs	137	1,005	-	-
	6,746	10,652	2,400	2,400

Exceptional costs of £6.6m incurred in the period to 30 June 2025 relate to the Group transformation project, which is for investment in the operational effectiveness of the Group, Head Office and staff.

Additional exceptional costs include other project costs which do not meet the criteria for capitalisation and ongoing costs related to review of the redress program relating to the suitability of client transfers and historic annual suitability reviews.

Further costs are expected to be incurred on these items throughout 2025.

During 2024 and 2025, the main rate of corporation tax was 25.0%. The effective tax rate in the three months and six months ended 30 June 2025 was 106.0% and 65.2% respectively (three and six months ended 30 June 2024 restated: 30.8% and 33.9% respectively)

#### 11 Goodwill and other intangible assets

The carrying value of goodwill is £1,400.2m (31 December 2024: £1,400.2m). Goodwill arose entirely on the acquisition of True Potential Group Limited ("TPG") in 2022. Goodwill is allocated to the Kane Bidco Group as the sole reportable operating segment of the Group. The Group has been identified as the smallest group of assets which generates cash flows that are independent, due to the interlinked nature of income generation within the Group.

Other intangible assets form part of the residual assets held by the Group, with carrying value at 30 June 2025 of £769.9m (31 December 2024: £797.1m).

# Notes to the Condensed Consolidated Financial Statements for the three months ended 30 June 2025 (continued)

#### 11 Goodwill and other intangible assets (continued)

#### (i) Impairment assessment

The Group tests goodwill annually for impairment, or more frequently if there are indications that goodwill might be impaired. Residual assets held by the Group are tested where there are indicators that they may be impaired, but form part of the annual goodwill impairment assessment.

As at 30 June 2025 and to the date of this report, the Directors have not identified any factors that would trigger a full impairment assessment of goodwill or other intangible assets. The assumptions in critical accounting estimates and judgements in relation to these areas are discussed in Note 3.

No impairments have been recognised in the period (year ended 31 December 2024: £221.5m).

Brand includes the True Potential brand which was recognised at fair value on Kane acquisition of the True Potential Group ("TPG").

Customer relationships were acquired at fair value on purchase of the True Potential Group, representing the economic relationship and future net income acquired with historic clients. Subsequently, they are held at cost less accumulated amortisation and any accumulated impairment. The useful life of these relationships is 20 years based on the age profile of customers obtained, life expectancy in the UK and Management's experience of customer practices and average client pension drawdown arrangements. This is the term over which future income is expected to be earned from customer relationships.

Internally generated assets are primarily capitalised staff costs allocated to development projects, including costs allocated to the development of the Platform and fund set-up costs.

Client onboarding assets represent the incremental costs to obtain revenue contracts with clients, obtained through client acquisition programmes. Client onboarding cost liabilities are shown as part of financial liabilities, representing amounts outstanding to financial advisers where a corresponding client onboarding cost has been capitalised as an asset. All client onboarding cost liabilities fall due within one year.

Significant changes in client onboarding assets are:

#### 13 Client onboarding costs (continued)

In the six months ended 30 June 2025, £14.9m of client onboarding assets have been added to the Statement of Financial Position net of adviser clawbacks (year-ended 31 December 2024: £117.5m). This represents Management's best estimate of expected payments for the onboarding of revenue contracts. Management use estimates to assess the carrying value of client onboarding assets, as referenced in Note 3. Management have determined that significant judgements and assessments used in assessing this carrying value have not materially changed in the period ended 30 June 2025.

#### 14 Adviser loans

Non-current assets Adviser loans	8,788	7,110
Adviser loans	0,700	7,110
Current assets		
Adviser loans	4,230	-

Loan assets are loans to financial advisers which are repayable after two years. The loans accrue interest income at the Bank of England base rate plus 6.0%. Loans to advisers are recognised in line with IFRS 9, at amortised cost less any provision for expected credit loss.

#### 15 Derivative assets / (liabilities)

	30 June 2025 £'000	31 December 2024 £'000
Current assets Cross currency swap assets	8,018	-
Non-current liabilities Cross currency swap liabilities (Note 20)		(2,565)

The Group hedges the foreign currency risk on high yield Eurobonds (nominal €360.0m at a 5.0% rate) with three fixed-for-fixed cross currency swaps (in total paying a fixed GBP £300.0m at 6.8% and receiving a fixed EUR €360.0m at 5.0%). The foreign currency basis spread and forward elements are excluded from the designation of the hedging instrument. The Group has elected, in accordance with IFRS 9:6.5.16 to apply IFRS 9:6.5.15 and recognise the excluded elements in OCI (to the extent they relate to the hedged item). Because the hedged item is a time-period related item, the excluded elements are amortised from OCI to profit or loss on a rational basis over the period during which the hedge adjustment for the included element could affect profit or loss.

The cross-currency swaps are designated and effective as hedging instruments and are carried at fair value. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes. The swaps were monetised for £9.3m in July 2025 and replaced with new instruments as detailed in Note 26.

#### (i) Trust loan

The Trust loan is payable to the True Potential LLP Discretionary Trust 2009 ("the Trust"), has no maturity date and is repayable on demand. Interest on the trust loan compounds annually at the HMRC preferential borrowing rate.

#### (ii) Listed Bonds (high yield bonds and other listed bonds)

All listed debt, including high yield bonds issued in 2022 and other bonds, were issued on The International Stock Exchange ("TISE") with various fixed and floating interest coupons. The bonds have various due dates which fall between 2027 and 2030. In March 2025, the Company issued a new £175.0m floating rate bond on TISE. The coupons on the bond are payable quarterly at SONIA plus 5.0%. The bond is due March 2030.

#### (ii) Listed Bonds (high yield bonds and other listed bonds) (continued)

In March 2025, the Company issued a £175.0m floating rate bond on TISE. The coupons on the bond are payable quarterly at SONIA plus 5.0%. The bond is due March 2030. The bond can be optionally redeemed at par from March 2027.

In July 2025, the high yield bonds and £50.0m of other bonds were refinanced as detailed in Note 26.

#### (iii) Revolving credit facility

The revolving credit facility ("RCF") has up to £120.0m available for drawdown. The utilisation of the facility may vary each month provided it does not exceed the maximum facility. Interest on the RCF is accrued at SONIA plus 3.5%. The RCF matures in October 2026. The full RCF balance was paid in March 2025. In July 2025, the maturity date of the RCF was extended by three years to October 2029, as detailed in Note 26.

#### (iv) Other liabilities

Client onboarding liabilities and cross currency swaps are detailed in Note 13 and Note 15 respectively.

#### (i) Suitability of client transfer

Following ongoing engagement with the FCA, a Skilled Person was appointed to review the suitability of client transfers into the Group. This review was undertaken during 2024, and is now complete, however, our work on the outcomes of the review is ongoing.

The Skilled Person review identified that there may have been clients whose investments were not appropriately transferred into the Group due to payments made to advisers. Management has therefore undertaken a risk assessment of all transfer contracts offered and concluded that the risk was present in investment products that were transferred through the adviser recruitment programme that commenced in 2018 (and ceased in 2024, when modifications to the specific adviser recruitment programme were put in place).

# Notes to the Condensed Consolidated Financial Statements for the three months ended 30 June 2025 (continued)

#### 20 Provisions (continued)

#### (i) Suitability of client transfer (continued)

With the support of external specialists, clients transferred in under this programme have been analysed into different cohorts considering a range of risk factors to establish the suitability of transfer and, if appropriate, the cohort has been considered for potential redress. This has resulted in those cohorts where management have determined there to be a higher risk of an unsuitable transfer being considered for potential redress. Where a client's transfer suitability has not been identified as at risk, the client has not been determined to require redress.

The redress provision has been calculated on a net performance basis. This takes into account the difference between a client's current investment position and the estimated position they would have been in had the transfer not taken place. Within this, the performance of the ceding scheme comparator for each client has been calculated with reference to a combination of specific portfolio and industry benchmarked monthly performance results.

The cost to operate the redress scheme has been determined based on an estimated cost of a third party running the scheme, which takes into account a number of variables including case handling times, review times and the length of the programme.

Following the above, a provision of £95.1m is held, net of costs utilised in the period and inclusive of costs to perform the redress of clients.

#### (ii) ASR provision

To ensure the appropriateness of ongoing advice, client circumstances are reviewed annually to ensure that their investments remain suitable. For a limited number of clients, there may be instances where an ASR has not been completed on an annual basis and appropriate attempts to deliver the suitability review cannot be evidenced.

Since 2021, the Group has operated a policy to refund ongoing advice fees on an annual basis where sufficient attempts to deliver ASRs cannot be evidenced, going further by switching off fees after three years of ASR non-completion. Under the policy, where it has been determined sufficient attempts to contact clients have taken place, no annual refund would be required.

The ASR provision has been recognised where an ASR has not been completed on an annual basis and appropriate attempts to deliver the suitability review cannot be evidenced, in line with Group policy. A full retrospective review of the period between 2018 and 2024, with the calculation being a refund of 100% of ongoing advice charges paid by a client within a calendar year where an ASR had been due, but not completed, and there have been insufficient attempts to contact the client.

Kane Feeder Limited Partnership	-	-	(1,100)	(1,100)
· -	(609)	834	(33,142)	(32,533)

Amounts payable to Kane Midco Limited, the parent company, are intragroup transactions payable on demand. They relate to the settlement of administrative and professional fees and the receipt of financing from the intermediate parent, Kane Topco Limited.

The amount payable to Kane Feeder Limited Partnership ("Feeder LP") is a settlement on behalf of other investors for share consideration in the Company. All amounts are repayable on demand.

The only transaction entered into with The True Potential LLP Discretionary Trust 2009 is a trust loan received by the Company. The loan accrues compound interest at the HMRC preferential borrowing rate, has no maturity date and is repayable on demand. These terms are considered preferential to the wider market.

#### 24 Contingent liabilities

Through its normal trading activities, the Group is exposed to certain legal issues that could become disputes and which could develop into litigious proceedings, resulting in contingent liabilities.

A contingent liability may also arise in the event of findings in respect of the Group's tax affairs which could result in a financial outflow to the tax authorities.

The Group works in a changing and complex regulatory environment. As part of its normal course of business, there is communication with the regulator from time to time on a variety of matters relevant to the business. Interactions with the regulator could lead to the identification of issues that could develop into contingent liabilities.

As set out in Note 20, the Skilled Person review has led to the suitability of client transfer provision being recognised. This provision is based on Management's conclusion that a risk was present in investment products that were transferred through the historic adviser recruitment programme that commenced in 2018. The Group will implement a redress scheme later in 2025, subject to the oversight of a Skilled Person, which could lead to additional client transfers or investment products being identified as needing redress, resulting in further financial outflows and creating a contingent liability.

Notes to the Condensed Consolidated Financial Statements for the three months ended 30 June 2025 (continued)

#### 24 Contingent liabilities (continued)

Separately, uncertainty exists in relation to a specific aspect of the Group's client onboarding process. This relates to the level of information obtained from clients at the point of onboarding via a non-advised route and any potential impact on the Group's ability to subsequently perform suitable ongoing advice. Whilst there may be a probable future outflow to clients in respect of this matter, this cannot reliably be estimated at the reporting date, creating a contingent liability. Further work is required to take place to determine the extent of any issue, with this work expected to commence later within 2025.

#### 25 Ultimate controlling party

The immediate parent undertaking is Kane Midco Limited, a Jersey registered company. There is no single ultimate parent undertaking. Cinven Capital Management (VII) General Partner Limited exercises its power on behalf of various funds, none of which control Kane Bidco Limited.

#### 26 Events after the reporting period

As detailed in Note 19, in July 2025, the £400.0m and €360.0m high yield bonds, as well as the floating rate £50.0m bond were early redeemed. This financing was replaced by alternative listed debt, with £405.0m incurring a fixed interest rate of 7.75% and €400.0m paying EURIBOR + 3.75%. The new debt matures in July 2031 and July 2032 respectively.

As part of the refinancing, in July 2025 the Group entered into a new hedge relationship with cross currency and interest rates swaps to hedge the foreign currency and interest rate risk on the new Eurobonds. The swaps are designated and effective as hedging instruments and are carried at fair value.

In July 2025, the maturity date of the RCF was extended by three years to October 2029.
